Margao, South goa - 403707

Passionate 3rd-year Computer Engineering student specializing in Cybersecurity, with a foundation in hacking since grade 11. Skilled in incident response, collaboration, and communication. Dedicated to staying updated on trends like OWASP Top 10 and web exploitation techniques. Learning the MERN stack for full-stack web development to broaden skills. Eager to contribute meaningfully within dynamic organizations, seeking opportunities for collaboration and further expertise in cybersecurity. Ready to make a positive impact with energy, innovation, and a proactive mindset.
